## EXPERIENCE

### **DaVita** – Contract to Full-time **User Experience Designer**

January 2022 – Current

- Collaborated on the complete redesign of our patient platform from native to Angular/Material
- Strategically building components and design systems for long-term scalability
- Collaborate closely with developers to align design with technical capabilities
- Partnering with Education and Research teams to craft user-centered solutions
- Leading the launch of a unified user home screen across four brands
- Mentoring two junior designers, guiding their growth and development

### **KPMG, US** – Full-time **User Experience Designer**

January 2021 – January 2022

- Consulted on projects for various clients, including The United States Space Force, Johnson & Johnson, and Lazard
- Conducted research and ethnographic interviews, leading to case for change documents and subsequent visual design work
- Collaborated with clients and internal teams to design websites and applications

### **Nomad Labs, Inc.** - Contract

January 2021 – March 2021

- Contracted to design a rent offer calculator and revamp the UI/UX for a real estate startup
- Acted as the sole designer, collaborating directly with the client and product manager
- Created responsive designs for the rent calculator and marketing websites
- Partnered closely with developers and the marketing team to ensure a seamless user experience
